

OGS Weather Policy!

NOTE: If nothing is posted on the weather alert, assume games are on as scheduled.

To better prepare you for any weather questions on game-day Saturdays, here's how we'll work it:

15-Minute Window - We have a 15 minute window to work with each game hour.

Maximum 15-Minute Weather Delay - For example, if you play at 8am and 15 minutes into your game we encounter thunder/lightning we'll postpone the games up to 15 minutes to see if it passes. If it does, we'll need to quickly resume play to stay on as scheduled. All games will conclude 15 minutes before the next scheduled game. At the point games resume, we may alter game play to ensure quality player participation.

Game Cancellation -

If the weather does not clear up within a 15 minute window, the games for that game hour will be cancelled. Cancelled games may be rescheduled to our make-up dates at the end of the regularly scheduled season. We'll email a make-up schedule as soon as possible. We'll do our best to ensure quality game time throughout the season.

Game Time Start - We'll try to start all games at the regularly scheduled time.

Complete Game - If during a particular game hour, everyone makes it to halftime and the game is postponed and then cancelled, those games will not be made up (we consider that a complete game).

Inclement Weather (Tornadoes, Severe Storms, Ice, etc) - All games will be cancelled under such conditions as we encourage all to take shelter and remain in a safe place.

Thank You,
OGS Staff
